Dear parents/carers,

8th May 2026

We are delighted to inform you that our new 3G pitch has been completed and will soon be ready for our learners to use.

The facility is a welcome addition to our extensive sporting facilities, and we hope that all pupils will greatly benefit from its use.

The pitch itself is international standard (for rugby) but can be utilised for a range of sports and activities and will provide an outstanding facility for our learners and the community. As such, it is important that the pitch is looked after correctly to provide longevity.

From September 2026 learners will need to bring appropriate footwear during the PE lessons when the pitch is in use, this will be communicated via their PE teacher through Google classroom and Edulink.

The correct footwear for the pitch includes boots with moulded studs, screw in studs, blades or synthetic turf trainers.

The following links provide cost effective options for footwear. In addition, if you have difficulty in sourcing or purchasing footwear, we may be able to provide support. If this is the case, please contact your child's PE teacher to make them aware. Our desire is for every learner to benefit from the use of this facility.
